

'PAY UP' WEEK IS INDORSED

A. C. Offers Ogden Chamber Assistance in Education Drive

At the weekly meeting of the directors of the Ogden chamber of commerce held Monday the directors unanimously passed a resolution endorsing the "pay up" week campaign, which is being conducted by the rating bureau of the Ogden chamber of commerce.

The following letter from President Elmer G. Peterson of the Utah Agriculture college was received by the chamber of commerce:

"This institution is supported by all the taxpayers of the state. For this reason, we are not only anxious to continue rendering aid to the agricultural interests of Utah, but we desire to extend our service as widely as we can.

"In this connection, it has occurred to us that perhaps your organization, following a common practice of chambers of commerce, throughout the country, might be planning to have an education week sometime during the present season.

"If such is the case, the School of Commerce and Business Administration of the college would be pleased to co-operate with you. Specialists in this school are prepared to give lectures and conduct discussions on such subjects as marketing, salesmanship, advertising, banking, accounting, taxation, investments, business forecasting, and business organization and management. By this means the latest and most authoritative material along these and other lines could be brought to the attention of your membership."

KING, PINCOCK INCREASE LEAD

Few Changes Recorded in Official Canvass Now Underway

Official canvass of the Weber county vote cast in the election of a week ago, proceeded rapidly today. Indications were that final totals will be ready for announcement tomorrow morning.

Members of the board of county commissioners and a staff of clerks under supervision of County Clerk L. A. Van Dyke, are canvassing the returns. A detailed check of each tally sheet, made necessary by the close vote cast for several candidates, has showed up the checking operations.

In the canvass yesterday, Sheriff Richard Pincock gained 10 votes over his opponent, Frank P. Hubbard, Democratic candidate. This morning Sheriff Pincock gained another 10 votes, making his majority now 21 over his opponent.

Ernest Bamberger, Republican candidate for United States senator, lost five votes in the official recent yesterday, giving Senator William H. King a lead over him today of 2145 votes.

No other changes have been found so far in the canvass.

Stuart P. Dobbs, Democratic county chairman, is watching the recent. Chairman Dobbs has so far refused to concede the election of any Republican candidate except Judge George S. Barker and County Clerk Van Dyke. He said he will not concede the election of others until the final recount is completed.

CHORUS NEEDS SPECIAL STAGE

"The setting for the male chorus concert will require the building of a special stage," said F. M. Clawson, a director of the chorus, who has the stage affairs in hand. "In order to have every singer in prominence we have planned to build several tiers of platforms so that every member will face the audience unobstructed."

Directors of the chorus, who have attended the rehearsals have been surprised at the accomplishments of Director Joseph Ballantyne in the short time since the organization.

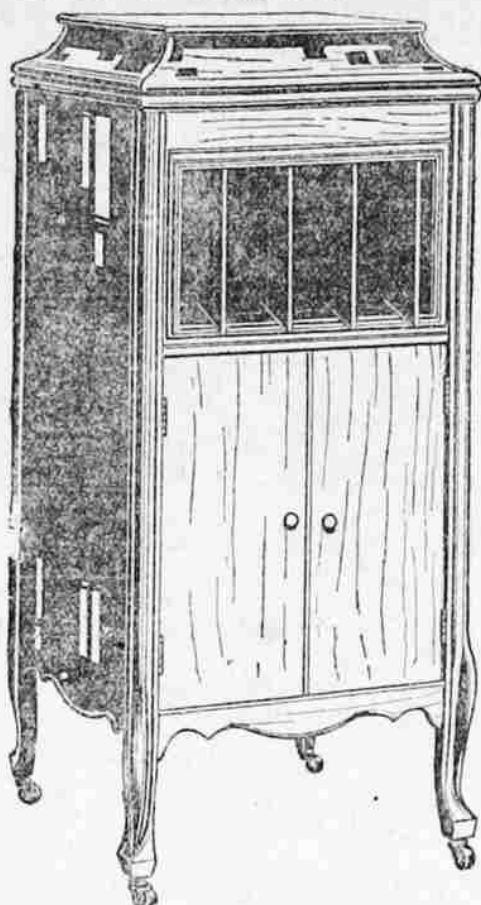

"He has taken a new organization,"

DENVER COMPANY CHANGES ROUTING

Due to alleged delays by the railroads in the movement of carload lots of wheat out of Ogden, future shipments consigned to the Longmont Farmers' Milling & Elevator company of Denver will be billed direct from points of shipment, according to information received here today by J. N. O'Neill, general manager of the W. R. Parvin company of Ogden. In his communication to Mr. O'Neill, P. A. Dinkel, traffic manager of the Denver firm, said in part: "We have become convinced of the necessity to us of billing these cars direct from

point of shipment to Denver, but this arrangement will not have any bearing upon the cars that are now in the Ogden yards.

The Denver firm does extensive business in Idaho and it was stated that all future shipments will be routed from Pocatello direct to Denver.

The earliest lottery of which there is any authentic record was held in Bruges in 1440.
